Highway Transports

Quazar Logistics provides road transport, both internationally and nationally, with its high service understanding and boutique service to its customers from different sectors.

Our company provides door-to-door deliveries at every point in Europe with flexible logistics service solutions that we determine for the needs of our customers and sectors.

Gathering all your logistics needs under one roof with our expert team; produces solutions with fast, reliable, and different cost alternatives.

We provide partial transportation in export and import for all sectors, especially chemistry, automotive, textile, electronics, construction, cosmetics, food, health, and energy.

We support sustainable logistics with our fleet of environmentally friendly vehicles, all of which comply with Euro 6 emission standards, and provide your import and export deliveries with the shortest transit times.

Express Transport

Quazar Logistics; In accordance with the demands of our customers on the road, we provide fast and safe delivery in the desired time with our trucks or minivan vehicles according to the desired vehicle type.

With *our truck express service*, we provide complete and partial express services in import and export with our vehicles used alternately with double drivers.

With *our minivan vehicles*, we provide more affordable cost advantages for your alternative transportation to the plane. These vehicles are loaded only with your materials and serve as a complete.

OUR SERVICES
